| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | SDS-PAGE                                                                                                                                                                                                                                                      |
| Produktbeschreibung      | Human CD31/PECAM-1 Recombinant Protein expressed in Baculovirus with His-tag. Sequence domain: 28-601aa. Application(s): SDS-PAGE. Endotoxin: < 1 EU per 1ug of protein (determined by LAL method). Bioactivity: Measured by the ability of the immobilize... |
| Konzentration            | 0.25mg/ml (determined by absorbance at 280nm)                                                                                                                                                                                                                 |
| Molekulargewicht         | 65.5 kDa (582aa)                                                                                                                                                                                                                                              |
| Tag                      | His-Tag                                                                                                                                                                                                                                                       |
