| Hersteller               | Boster Bio                                                                                                                                                                                      |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                |
| Applikation              | SDS-PAGE                                                                                                                                                                                        |
| Produktbeschreibung      | Human CCL1/I-309 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 24-96aa. Application(s): SDS-PAGE. Endotoxin: < 1 EU per 1ug of protein (determined by LAL method).... |
| Konzentration            | 0.5mg/ml (determined by Bradford assay)                                                                                                                                                         |
| Molekulargewicht         | 10.8 kDa (94aa) confirmed by MALDI-TOF                                                                                                                                                          |
| Tag                      | His-Tag                                                                                                                                                                                         |
| UniProt                  | <a href="#">P22362</a>                                                                                                                                                                          |
| Puffer                   | 20mM Tris-HCl buffer (pH 7.5) containing 2mM DTT, 10% glycerol, 50mM NaCl                                                                                                                       |
| Quelle                   | E. coli                                                                                                                                                                                         |
| Formulierung             | Liquid                                                                                                                                                                                          |
