| Hersteller               | Boster Bio                                                                                                                                                                                                                                                    |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | SDS-PAGE                                                                                                                                                                                                                                                      |
| Produktbeschreibung      | Human LMO1 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 1-156aa. Application(s): SDS-PAGE, Denatured. Denatured protein is most likely not the best option for functional studies. It is better suited for Western Blot (WB) or... |
| Konzentration            | 0.25mg/ml (determined by Bradford assay)                                                                                                                                                                                                                      |
| Molekulargewicht         | 20.2 kDa (179aa)                                                                                                                                                                                                                                              |
| Tag                      | His-Tag                                                                                                                                                                                                                                                       |
