| Hersteller               | Boster Bio                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                  |
| Applikation              | SDS-PAGE                                                                                                                                                                                                          |
| Produktbeschreibung      | Human recombinant BAFF R/TNFRSF13C protein expressed in HEK293 with hIgG-Tag. Sequence domain: 1-78aa. Application(s): SDS-PAGE, Bioactivity. Endotoxin: < 1 EU per 1ug of protein (determined by LAL method).... |
| Konzentration            | 1mg/ml (determined by Absorbance at 280nm)                                                                                                                                                                        |
| Tag                      | hIgG-Tag                                                                                                                                                                                                          |
| UniProt                  | <a href="#">Q96RJ3</a>                                                                                                                                                                                            |
| Puffer                   | Phosphate-Buffered Saline (pH 7.4) containing 10% glycerol                                                                                                                                                        |
| Quelle                   | HEK293                                                                                                                                                                                                            |
| Formulierung             | Liquid                                                                                                                                                                                                            |
