| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                                    |
| Immunogen                | Synthesized phospho peptide around human Rad17 (Ser635)                                                                                                                                                                                                              |
| Produktbeschreibung      | The protein encoded by this gene is highly similar to the gene product of <i>Schizosaccharomyces pombe</i> rad17, a cell cycle checkpoint gene required for cell cycle arrest and DNA damage repair in response to DNA damage. This protein shares strong similar... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                           |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                              |
| Molekulargewicht         | 77kD                                                                                                                                                                                                                                                                 |
