| Immunogen                | Synthesized peptide derived from human C99L2 AA range: 204-254                                                                                                                                                                                                |
| Produktbeschreibung      | This gene encodes a cell-surface protein that is similar to CD99. A similar protein in mouse functions as an adhesion molecule during leukocyte extravasation. Alternate splicing results in multiple transcript variants. [provided by RefSeq, May 2010],... |
