| Hersteller               | NordicMubio                                                                                                                                                                                                                                                      |
| Wirt                     | Gallus                                                                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                       |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                        |
| Konjugation              | Biotin                                                                                                                                                                                                                                                           |
| Konzentration            | See vial for concentration.                                                                                                                                                                                                                                      |
| Quelle                   | Chickens were immunized with purified recombinant protein G lacking the albumin binding region. After multiple immunizations in Freund's adjuvant, eggs were collected and the IgY fraction purified. Antibodies were immunoaffinity-purified from a protein G a |
| Formulierung             | Biotin conjugated                                                                                                                                                                                                                                                |
| Anwendungsbeschreibung   | Optimal conjugate working dilutions should be determined for your particular assay conditions.                                                                                                                                                                   |
