## Product Datasheet

### Goat Anti-Human IgM (Mu chain) antibody, F(ab)2 fragment, pre-adsorbed (Biotin), Polyclonal GTX04121-02

|                          |                                                                                             |
|--------------------------|---------------------------------------------------------------------------------------------|
| Artikelname              | Goat Anti-Human IgM (Mu chain) antibody, F(ab)2 fragment, pre-adsorbed (Biotin), Polyclonal |
| Artikelnummer            | GTX04121-02                                                                                 |
| Hersteller Artikelnummer | GTX04121-02                                                                                 |
| Alternativnummer         | GTX04121-02-500                                                                             |
| Hersteller               | GeneTex                                                                                     |
| Wirt                     | Goat                                                                                        |
| Kategorie                | Antikörper                                                                                  |
| Applikation              | Activation, ELISA, ELISpot, FC, ICC                                                         |
| Spezies Reaktivität      | Human                                                                                       |
| Immunogen                | Pepsin digest of Goat Anti-Human IgM.                                                       |
| Konjugation              | Biotin                                                                                      |
| Klonalität               | Polyclonal                                                                                  |
| Konzentration            | 0.5 mg/ml (Please refer to the vial label for the specific concentration.)                  |
| Sensitivitaet            | Pre-adsorbed with Human IgG and IgA. May react with IgM from other species.                 |
| Puffer                   | PBS, 0.09% sodium azide.                                                                    |

|                        |                                                                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                                              |
| Target-Kategorie       | IgM (mu chain)                                                                                                                                                      |
| Anwendungsbeschreibung | FCM: 1 µg/10 <sup>6</sup> cells. ELISA: 1:5000-1:20000. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
