## Product Datasheet

### Goat Anti-Human lambda light chain antibody, F(ab)2 fragment, pre-adsorbed (FITC), Polyclonal GTX04135-06

|                          |                                                                                                        |
|--------------------------|--------------------------------------------------------------------------------------------------------|
| Artikelname              | Goat Anti-Human lambda light chain antibody, F(ab)2 fragment, pre-adsorbed (FITC), Polyclonal          |
| Artikelnummer            | GTX04135-06                                                                                            |
| Hersteller Artikelnummer | GTX04135-06                                                                                            |
| Alternativnummer         | GTX04135-06-500                                                                                        |
| Hersteller               | GeneTex                                                                                                |
| Wirt                     | Goat                                                                                                   |
| Kategorie                | Antikörper                                                                                             |
| Applikation              | Activation, ELISA, FC, WB                                                                              |
| Spezies Reaktivität      | Human                                                                                                  |
| Immunogen                | Pepsin digest of Goat Anti-Human Lambda.                                                               |
| Konjugation              | FITC                                                                                                   |
| Klonalität               | Polyclonal                                                                                             |
| Konzentration            | 0.5 mg/ml (Please refer to the vial label for the specific concentration.)                             |
| Sensitivitaet            | Pre-adsorbed with Human &kappa, light chains. May react with &lambda, light chains from other species. |
| Puffer                   | PBS, 0.09% sodium azide.                                                                               |

|                        |                                                                                                                                                     |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                              |
| Target-Kategorie       | IgG (lambda light chain)                                                                                                                            |
| Anwendungsbeschreibung | FCM: 1 µg/106cells. ELISA: 1:200-1:400. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
