| Artikelname              | Goat Anti-Rabbit IgG (Fab) antibody, pre-adsorbed (HRP), Polyclonal                 |
| Artikelnummer            | GTX04147-01                                                                         |
| Hersteller Artikelnummer | GTX04147-01                                                                         |
| Alternativnummer         | GTX04147-01-1                                                                       |
| Hersteller               | GeneTex                                                                             |
| Wirt                     | Goat                                                                                |
| Kategorie                | Antikörper                                                                          |
| Applikation              | ELISA, WB                                                                           |
| Spezies Reaktivität      | Rabbit                                                                              |
| Immunogen                | Pooled antisera from goats hyperimmunized with rabbit IgG                           |
| Konjugation              | HRP                                                                                 |
| Klonalität               | Polyclonal                                                                          |
| Konzentration            | Batch dependent (Please refer to the vial label for the specific concentration.)    |
| Sensitivitaet            | Pre-adsorbed with Rabbit IgG Fc. May react with immunoglobulins from other species. |
| Puffer                   | PBS, 50% glycerol, no preservatives.                                                |
| Formulierung             | Liquid                                                                              |
| Target-Kategorie         | IgG Fab                                                                             |

Anwendungsbeschreibung

ELISA: 1:2000-1:4000. \*Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications.
