## Product Datasheet

### Gasdermin D antibody, Unconjugated, Rabbit, Polyclonal GTX04537

|                          |                                                                            |
|--------------------------|----------------------------------------------------------------------------|
| Artikelname              | Gasdermin D antibody, Unconjugated, Rabbit, Polyclonal                     |
| Artikelnummer            | GTX04537                                                                   |
| Hersteller Artikelnummer | GTX04537                                                                   |
| Alternativnummer         | GTX04537-100                                                               |
| Hersteller               | GeneTex                                                                    |
| Wirt                     | Rabbit                                                                     |
| Kategorie                | Antikörper                                                                 |
| Applikation              | ELISA, FC, IHC-P, WB                                                       |
| Spezies Reaktivität      | Human                                                                      |
| Immunogen                | E.coli-derived human GSDMD recombinant protein (Position: M1-H484).        |
| Konjugation              | Unconjugated                                                               |
| Klonalität               | Polyclonal                                                                 |
| Konzentration            | 0.5 mg/ml (Please refer to the vial label for the specific concentration.) |
| Molekulargewicht         | 53                                                                         |
| NCBI                     | <a href="#">79792</a>                                                      |
| UniProt                  | <a href="#">P57764</a>                                                     |

|                        |                                                                                                                                                                                                                   |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | 4mg Trehalose, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.01 mg Sodium Azide.                                                                                                                         |
| Formulierung           | Liquid                                                                                                                                                                                                            |
| Anwendungsbeschreibung | WB: 0.25-0.5 µg/mL. IHC-P: 0.5-1 µg/mL. FCM: 1-3 µg/1x10 <sup>6</sup> cells.<br>ELISA: 0.1-0.5 µg/mL. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
