| Artikelname              | CD16 antibody [KD1] (PE), IgG2a, Mouse, Monoclonal                                                                                                        |
| Artikelnummer            | GTX04886-08                                                                                                                                               |
| Hersteller Artikelnummer | GTX04886-08                                                                                                                                               |
| Alternativnummer         | GTX04886-08-100                                                                                                                                           |
| Hersteller               | GeneTex                                                                                                                                                   |
| Wirt                     | Mouse                                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                                |
| Applikation              | FC                                                                                                                                                        |
| Spezies Reaktivität      | Bovine, Human, Mammal, Sheep                                                                                                                              |
| Immunogen                | A polyclonal population of NK cells.                                                                                                                      |
| Konjugation              | PE                                                                                                                                                        |
| Klonalität               | Monoclonal                                                                                                                                                |
| Konzentration            | Batch dependent (Please refer to the vial label for the specific concentration.)                                                                          |
| Klon-Bezeichnung         | [KD1]                                                                                                                                                     |
| Isotyp                   | IgG2a                                                                                                                                                     |
| Sensitivitaet            | Clone KD1 recognizes both forms of CD16 and will therefore recognize all cell types expressing CD16.,We do not recommend use of this product for Dog,Rat. |

|                        |                                                                                                             |
