| Artikelname              | Amyloid Precursor Protein peptide, Unconjugated                                                                                                                                                        |
| Artikelnummer            | GTX27874                                                                                                                                                                                               |
| Hersteller Artikelnummer | GTX27874                                                                                                                                                                                               |
| Alternativnummer         | GTX27874-50                                                                                                                                                                                            |
| Hersteller               | GeneTex                                                                                                                                                                                                |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                       |
| Applikation              | NeA                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                                                                                  |
| Konjugation              | Unconjugated                                                                                                                                                                                           |
| Konzentration            | 0.20 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                                            |
| NCBI                     | <a href="#">351</a>                                                                                                                                                                                    |
| Puffer                   | PBS, 0.1% BSA, 0.02% Sodium azide.                                                                                                                                                                     |
| Formulierung             | Liquid                                                                                                                                                                                                 |
| Anwendungsbeschreibung   | The peptide is used for blocking the activity of anti-APP. Incubating the peptide with equal volume of antibody for 30 min at 37C usually completely blocks the antibody activity in Western blotting. |
