## Product Datasheet

### NFkB p105 (phospho Ser932) antibody, Unconjugated, Rabbit, Polyclonal GTX50279

|                          |                                                                                                         |
|--------------------------|---------------------------------------------------------------------------------------------------------|
| Artikelname              | NFkB p105 (phospho Ser932) antibody, Unconjugated, Rabbit, Polyclonal                                   |
| Artikelnummer            | GTX50279                                                                                                |
| Hersteller Artikelnummer | GTX50279                                                                                                |
| Alternativnummer         | GTX50279-100                                                                                            |
| Hersteller               | GeneTex                                                                                                 |
| Wirt                     | Rabbit                                                                                                  |
| Kategorie                | Antikörper                                                                                              |
| Applikation              | IHC-P, WB                                                                                               |
| Spezies Reaktivität      | Human                                                                                                   |
| Immunogen                | Peptide sequence around phosphorylation site of serine 932 (E-T-S(p)-F-R) derived from human NFkB p105. |
| Konjugation              | Unconjugated                                                                                            |
| Klonalität               | Polyclonal                                                                                              |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                |
| Molekulargewicht         | 105                                                                                                     |
| NCBI                     | <a href="#">4790</a>                                                                                    |
| UniProt                  | <a href="#">P19838</a>                                                                                  |
| Puffer                   | PBS, 150mM NaCl, 50% Glycerol, 0.02% Sodium azide.                                                      |

|                        |                                                                                                                                                  |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                           |
| Anwendungsbeschreibung | WB: 1:500-1:1000. IHC-P: 1:50-1:100. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
