| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ICC, IHC, IHC-Fr, IHC-P, WB                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human, Mouse, Porcine, Rat                                                                                                                                                                                                                                    |
| Immunogen                | Carrier-protein conjugated synthetic peptide encompassing a sequence within the C-terminus region of human Iba1. The exact sequence is proprietary.                                                                                                           |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Iba1 antibody detects Iba1, a protein widely used by neuroscientists as a microglial marker and to gauge microglial activation. It is also expressed in macrophages. Discrimination between these two cell populations can be achieved via double staining... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                                                                                                      |
| Klon-Bezeichnung         | [HL22]                                                                                                                                                                                                                                                        |

|                        |                                                                                                                                                                             |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
