| Artikelname              | FREM1 antibody, Unconjugated, Rabbit, Polyclonal                                                                                                                                |
| Artikelnummer            | GTX85179                                                                                                                                                                        |
| Hersteller Artikelnummer | GTX85179                                                                                                                                                                        |
| Alternativnummer         | GTX85179-100                                                                                                                                                                    |
| Hersteller               | GeneTex                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                      |
| Applikation              | ELISA, ICC, WB                                                                                                                                                                  |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                    |
| Immunogen                | FREM1 antibody was raised against a 15 amino acid synthetic peptide near the carboxy terminus of human FREM1. The immunogen is located within the last 50 amino acids of FREM1. |
| Konjugation              | Unconjugated                                                                                                                                                                    |
| Klonalität               | Polyclonal                                                                                                                                                                      |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                        |
| Molekulargewicht         | 244                                                                                                                                                                             |
| NCBI                     | <a href="#">158326</a>                                                                                                                                                          |
| UniProt                  | <a href="#">Q5H8C1</a>                                                                                                                                                          |
| Puffer                   | PBS, 0.02% Sodium azide.                                                                                                                                                        |

|                        |                                                                                                                                                  |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                           |
| Anwendungsbeschreibung | WB: 0.5 - 1 µg/mL. ICC/IF: 20 µg/mL. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
