| Applikation              | FC                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant protein (or fragment).This information is considered to be commercially sensitive.                                                                                                                                                                |
| Konjugation              | ABflo 488                                                                                                                                                                                                                                                     |
| Produktbeschreibung      | This gene encodes a protein that belongs to the carcinoembryonic antigen (CEA) family whose members are glycosyl phosphatidyl inositol (GPI) anchored cell surface glycoproteins. Members of this family play a role in cell adhesion and are widely used ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | FC                                                                                                                                                                                                                                                            |
| Molekulargewicht         | 37kDa                                                                                                                                                                                                                                                         |

|                        |                                                                                          |
