| Immunogen                | Ser21-Glu359                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | IL-1 Receptor Accessory Protein (IL-1 RAcP), also known as IL-1 R3, is a ubiquitously expressed 70-90 kDa member of the Interleukin-1 receptor family of proteins. It serves as a non-ligand-binding component of the receptors for IL-1 alpha, IL-1 beta,... |
| Konzentration            | < 1 EU/µg of the protein by LAL method.                                                                                                                                                                                                                       |
| Molekulargewicht         | 42 kDa                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">3556</a>                                                                                                                                                                                                                                          |
| UniProt                  | <a href="#">Q9NPH3</a>                                                                                                                                                                                                                                        |
| Reinheit                 | 95 % as determined by Tris-Bis PAGE, 95 % as determined by HPLC.                                                                                                                                                                                              |
| Formulierung             | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4.                                                                                                                                                                                                  |

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

| Target-Kategorie       | IL-1R3/IL-1RAcP/IL1RAP                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Application Verdünnung | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4.                                                                                                                                                                                                                                                                                                                                                                                        |
| Anwendungsbeschreibung | <p>Cross-Reactivity: Centrifuge the tube before opening. Reconstitute to a concentration of 0.1-0.5 mg/mL in sterile distilled water. Avoid vortex or vigorously pipetting the protein. For long term storage, it is recommended to add a carrier protein or stabilizer (e.g. 0.1% BSA, 5% HSA, 10% FBS or 5% Trehalose), and aliquot the reconstituted protein solution to minimize free-thaw cycles., ResearchArea: Other Recombinant Protein</p> |
