## Product Datasheet

### **Multiplex Assay Kit for Protein Kinase, DNA Activated, Catalytic Polypeptide (PRKDC) ,etc. by FLIA (Flow Luminescence Immunoassay) USC-LMK362MU**

|                          |                                                                                                                                    |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Multiplex Assay Kit for Protein Kinase, DNA Activated, Catalytic Polypeptide (PRKDC) ,etc. by FLIA (Flow Luminescence Immunoassay) |
| Artikelnummer            | USC-LMK362MU                                                                                                                       |
| Hersteller Artikelnummer | LMK362Mu                                                                                                                           |
| Alternativnummer         | USC-LMK362MU-96                                                                                                                    |
| Hersteller               | Cloud-Clone                                                                                                                        |
| Kategorie                | Kits/Assays                                                                                                                        |
| Spezies Reaktivität      | Mouse                                                                                                                              |
| Produktbeschreibung      | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                                                |
| Detektionsbereich        | 0.02-20ng/mL                                                                                                                       |
| Sensitivitaet            | The minimum detectable dose of this kit is typically less than 0.007 ng/mL                                                         |
| UniProt                  | <a href="#">P97313</a>                                                                                                             |
| Proben                   | Saliva, tissue homogenates, cell lysates, cell culture supernates and other biological fluids                                      |
| Anwendungsbeschreibung   | FLIA Kit for Antigen Detection.                                                                                                    |
