| Artikelname              | Polyclonal Antibody to Coiled Coil Domain Containing Protein 80 (CCDC80), Rabbit                                                  |
| Artikelnummer            | USC-PAJ901HU01                                                                                                                    |
| Hersteller Artikelnummer | PAJ901Hu01                                                                                                                        |
| Alternativnummer         | USC-PAJ901HU01-20, USC-PAJ901HU01-100, USC-PAJ901HU01-200, USC-PAJ901HU01-1                                                       |
| Hersteller               | Cloud-Clone                                                                                                                       |
| Wirt                     | Rabbit                                                                                                                            |
| Kategorie                | Antikörper                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                             |
| Immunogen                | RPJ901Hu01-Recombinant Coiled Coil Domain Containing Protein 80 (CCDC80)                                                          |
| UniProt                  | <a href="#">Q76M96</a>                                                                                                            |
| Puffer                   | 0.01M PBS, pH7.4, containing 0.05% Proclin-300, 50% glycerol.                                                                     |
| Quelle                   | Polyclonal antibody preparation                                                                                                   |
| Application Verdünnung   | Western blotting: 0.01-2µg/mL,<br/>Immunohistochemistry: 5-20µg/mL,<br/>Optimal working dilutions must be determined by end user. |
