### Recombinant Ubiquitin Activating Enzyme E1 Like Protein (UBE1L), E. coli USC-RPB027MU01

|                          |                                                                                                                    |
|--------------------------|--------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Recombinant Ubiquitin Activating Enzyme E1 Like Protein (UBE1L), E. coli                                           |
| Artikelnummer            | USC-RPB027MU01                                                                                                     |
| Hersteller Artikelnummer | RPB027Mu01                                                                                                         |
| Alternativnummer         | USC-RPB027MU01-10, USC-RPB027MU01-50, USC-RPB027MU01-100, USC-RPB027MU01-200, USC-RPB027MU01-500, USC-RPB027MU01-1 |
| Hersteller               | Cloud-Clone                                                                                                        |
| Wirt                     | E. coli                                                                                                            |
| Kategorie                | Proteine/Peptide                                                                                                   |
| Applikation              | Control, SDS-PAGE, WB                                                                                              |
| Spezies Reaktivität      | Mouse                                                                                                              |
| Molekulargewicht         | Predicted Molecular Mass(KD): 27.1kDa. Accurate Molecular Mass(KD): 27kDa                                          |
| Tag                      | N-terminal His Tag                                                                                                 |
| UniProt                  | <a href="#">Q9ET03</a>                                                                                             |
| Puffer                   | 100mMNaHCO <sub>3</sub> , 500mMNaCl, pH8.3, containing 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose and Proclin300.  |
| Quelle                   | Prokaryotic expression                                                                                             |
| Expression System        | Prokaryotic expression                                                                                             |

|              |                     |
|--------------|---------------------|
| Reinheit     | > 90%               |
| Formulierung | Freeze-dried powder |
