| Konjugation              | HRP                                                                                                                                                                                                                                                           |
| Produktbeschreibung      | The placental-derived growth factor (PIGF) is a dimeric glycoprotein showing a high degree of sequence similarity to the vascular endothelial growth factor. Alternative splicing of the PIGF primary transcript gives rise to two forms, named PIGF-1 and... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">5228</a>                                                                                                                                                                                                                                          |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                                                                       |

|                        |                                                          |
|------------------------|----------------------------------------------------------|
| Quelle                 | KLH conjugated synthetic peptide derived from mouse PLGF |
| Target-Kategorie       | PLGF                                                     |
| Application Verdünnung | WB(1:300-5000), ELISA(1:500-1000)                        |
