| Alternativnummer         | BSS-BS-10316R-CY3-100                                                                                                                                                                                            |
| Hersteller               | Bioss                                                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                       |
| Applikation              | IF, WB                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                            |
| Konjugation              | Cy3                                                                                                                                                                                                              |
| Produktbeschreibung      | DSP may be an important factor in dentinogenesis. DPP may bind high amount of calcium and facilitate initial mineralization of dentin matrix collagen as well as regulate the size and shape of the crystals.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                       |
| Konzentration            | 1ug/ul                                                                                                                                                                                                           |
| NCBI                     | <a href="#">1834</a>                                                                                                                                                                                             |
| UniProt                  | <a href="#">Q9NZW4</a>                                                                                                                                                                                           |

|                        |                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------|
| Puffer                 | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol. |
| Quelle                 | KLH conjugated synthetic peptide derived from human DSPP                                                |
| Target-Kategorie       | DSPP                                                                                                    |
| Application Verdünnung | WB(1:300-5000), IF(IHC-P)(1:50-200), IF(IHC-F)(1:50-200), IF(ICC)(1:50-200)                             |
