| Kategorie                | Antikörper                                                                                                                                                                                                                                                                 |
| Applikation              | ELISA, IHC-Fr, IHC-P, WB                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                                      |
| Konjugation              | HRP                                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Aldehyde dehydrogenases (ALDHs) mediate the NADP <sup>+</sup> -dependent oxidation of aldehydes into acids and play an important role in the detoxification of alcohol-derived acetaldehyde, as well as in lipid peroxidation and in the metabolism of corticosteroids,... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                                 |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                                                     |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                                                                                    |
| Quelle                   | KLH conjugated synthetic peptide derived from human ALDH3A2                                                                                                                                                                                                                |

|                        |                                                                       |
|------------------------|-----------------------------------------------------------------------|
| Target-Kategorie       | ALDH3A2                                                               |
| Application Verdünnung | WB(1:300-5000), ELISA(1:500-1000), IHC-P(1:200-400), IHC-F(1:100-500) |
