| Konjugation              | BF555                                                                                                                                                                                                                                                      |
| Produktbeschreibung      | Auxiliary subunit of GABA-B receptors that determine the pharmacology and kinetics of the receptor response. Increases agonist potency and markedly alter the G-protein signaling of the receptors by accelerating onset and promoting desensitization.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                 |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                                     |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                                                                     |
| Quelle                   | KLH conjugated synthetic peptide derived from human KCTD8                                                                                                                                                                                                  |

|                        |                                                                             |
|------------------------|-----------------------------------------------------------------------------|
| Target-Kategorie       | KCTD8                                                                       |
| Application Verdünnung | WB(1:300-5000), IF(IHC-P)(1:50-200), IF(IHC-F)(1:50-200), IF(ICC)(1:50-200) |
