| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                         |
| Konjugation              | RBITC                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Voltage-gated potassium (Kv) channels represent the most complex class of voltage-gated ion channels from both functional and structural standpoints. Their diverse functions include regulating neurotransmitter release, heart rate, insulin secretion, ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                                        |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                                                                        |
| Quelle                   | KLH conjugated synthetic peptide derived from human KCNG1                                                                                                                                                                                                     |

|                        |                                                             |
