| Kategorie                | Antikörper                                                                                                                                                       |
| Applikation              | WB                                                                                                                                                               |
| Konjugation              | PE/Cy5.5                                                                                                                                                         |
| Produktbeschreibung      | DAZ1 (deleted in azoospermia 1) is an RNA-binding protein that is essential in spermatogenesis. It may regulate translation of mRNAs by binding to the 3-UTR.... |
| Klonalität               | Polyclonal                                                                                                                                                       |
| Konzentration            | 1ug/ul                                                                                                                                                           |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                           |
| Quelle                   | KLH conjugated synthetic peptide derived from human DAZ1                                                                                                         |
| Target-Kategorie         | DAZ1                                                                                                                                                             |
| Application Verdünnung   | WB(1:300-5000)                                                                                                                                                   |
