| Hersteller               | Bioss                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                    |
| Applikation              | IF, WB                                                                                                                        |
| Spezies Reaktivität      | Human, Mouse                                                                                                                  |
| Konjugation              | BF680                                                                                                                         |
| Produktbeschreibung      | EVX2 (Even skipped homeobox 2) protein is a new candidate transcription factor. It contains a homeobox DNA-binding domain.... |
| Klonalität               | Polyclonal                                                                                                                    |
| Konzentration            | 1ug/ul                                                                                                                        |
| NCBI                     | <a href="#">344191</a>                                                                                                        |
| UniProt                  | <a href="#">Q03828</a>                                                                                                        |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                        |
| Quelle                   | KLH conjugated synthetic peptide derived from human EVX2                                                                      |

|                        |                                                                                |
|------------------------|--------------------------------------------------------------------------------|
| Target-Kategorie       | EVX2                                                                           |
| Application Verdünnung | WB(1:300-5000), IF(IHC-P)(1:50-200), IF(IHC-F)(1:50-200),<br>IF(ICC)(1:50-200) |
