| Hersteller               | Bioss                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                                                                 |
| Applikation              | IF, WB                                                                                                                                                                                     |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                      |
| Konjugation              | BF594                                                                                                                                                                                      |
| Produktbeschreibung      | Inhibits dissociation of IRAK1 and IRAK4 from the Toll-like receptor signaling complex by either inhibiting the phosphorylation of IRAK1 and IRAK4 or stabilizing the receptor complex.... |
| Klonalität               | Polyclonal                                                                                                                                                                                 |
| Konzentration            | 1ug/ul                                                                                                                                                                                     |
| NCBI                     | <a href="#">11213</a>                                                                                                                                                                      |
| UniProt                  | <a href="#">Q9Y616</a>                                                                                                                                                                     |

|                        |                                                                                                        |
|------------------------|--------------------------------------------------------------------------------------------------------|
| Puffer                 | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol. |
| Quelle                 | KLH conjugated synthetic peptide derived from human IRAKM                                              |
| Target-Kategorie       | IRAKM                                                                                                  |
| Application Verdünnung | WB(1:300-5000), IF(IHC-P)(1:50-200), IF(IHC-F)(1:50-200), IF(ICC)(1:50-200)                            |
