| Hersteller               | Bioss                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                       |
| Applikation              | IF, WB                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                     |
| Konjugation              | Cy5.5                                                                                                                                                                            |
| Produktbeschreibung      | Receptor for chemokine SCYA25/TECK. Subsequently transduces a signal by increasing the intracellular calcium ions level. Alternative coreceptor with CD4 for HIV-1 infection.... |
| Klonalität               | Polyclonal                                                                                                                                                                       |
| Konzentration            | 1ug/ul                                                                                                                                                                           |
| NCBI                     | <a href="#">10803</a>                                                                                                                                                            |
| UniProt                  | <a href="#">P51686</a>                                                                                                                                                           |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                          |

|                        |                                                                             |
|------------------------|-----------------------------------------------------------------------------|
| Quelle                 | KLH conjugated synthetic peptide derived from human CCR9                    |
| Target-Kategorie       | CCR9                                                                        |
| Application Verdünnung | WB(1:300-5000), IF(IHC-P)(1:50-200), IF(IHC-F)(1:50-200), IF(ICC)(1:50-200) |
