| Alternativnummer         | BSS-BS-2511R-CY5.5-100                                                                                                                                                 |
| Hersteller               | Bioss                                                                                                                                                                  |
| Wirt                     | Rabbit                                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                                             |
| Applikation              | IF, WB                                                                                                                                                                 |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                           |
| Konjugation              | Cy5.5                                                                                                                                                                  |
| Produktbeschreibung      | Terminates signal transduction at the neuromuscular junction by rapid hydrolysis of the acetylcholine released into the synaptic cleft. Role in neuronal apoptosis.... |
| Klonalität               | Polyclonal                                                                                                                                                             |
| Konzentration            | 1ug/ul                                                                                                                                                                 |
| NCBI                     | <a href="#">43</a>                                                                                                                                                     |
| UniProt                  | <a href="#">P22303</a>                                                                                                                                                 |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                |

|                        |                                                                             |
|------------------------|-----------------------------------------------------------------------------|
| Quelle                 | KLH conjugated synthetic peptide derived from human AchE                    |
| Target-Kategorie       | ACHE                                                                        |
| Application Verdünnung | WB(1:300-5000), IF(IHC-P)(1:50-200), IF(IHC-F)(1:50-200), IF(ICC)(1:50-200) |
