| Kategorie                | Antikörper                                                                                                                                                                                   |
| Applikation              | FC, WB                                                                                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                                                                        |
| Konjugation              | PE/Cy5                                                                                                                                                                                       |
| Produktbeschreibung      | Required for the high affinity binding of interleukin 18 (IL-18) to its receptor complex (By similarity). Together with IL18R1 mediates IL-18-dependent activation of NF-kappa-B and JNK.... |
| Klonalität               | Polyclonal                                                                                                                                                                                   |
| Konzentration            | 1ug/ul                                                                                                                                                                                       |
| NCBI                     | <a href="#">8807</a>                                                                                                                                                                         |
| UniProt                  | <a href="#">O95256</a>                                                                                                                                                                       |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                       |

|                        |                                                                 |
