| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Konjugation              | Biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | AML1/Runx1 binds DNA as a monomer and through the Runt domain. DNA binding is increased by heterodimerization with CBFβ. Isoform AML1L can neither bind DNA nor heterodimerize and interferes with the transactivation activity of AML1/Runx1. CBF binds t... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                                        |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                                                                       |

|                        |                                                                                                                        |
|------------------------|------------------------------------------------------------------------------------------------------------------------|
| Quelle                 | KLH conjugated synthetic phosphopeptide derived from human RUNX1 around the phosphorylation site of Ser249 [QP(p-S)PP] |
| Target-Kategorie       | phospho-RUNX1 (Ser249)                                                                                                 |
| Application Verdünnung | WB(1:300-5000), ELISA(1:500-1000), IHC-P(1:200-400), IHC-F(1:100-500)                                                  |
