| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | PE/Cy7                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Functions as a central linker protein, downstream of the B-cell receptor (BCR), bridging the SYK kinase to a multitude of signaling pathways and regulating biological outcomes of B-cell function and development. Plays a role in the activation of ERK/... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                                        |
