|                        |                                                                                                                        |
|------------------------|------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                |
| Quelle                 | KLH conjugated synthetic phosphopeptide derived from human Beta-Catenin around the phosphorylation site of Thr41/Ser45 |
| Target-Kategorie       | Phospho-Beta catenin (Thr41 + Ser45)                                                                                   |
| Application Verdünnung | ELISA(1:500-1000), IHC-P(1:200-400), IHC-F(1:100-500)                                                                  |
