| Kategorie                | Antikörper                                                                                                                                                                                                                              |
| Applikation              | IF, WB                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                            |
| Konjugation              | Cy5.5                                                                                                                                                                                                                                   |
| Produktbeschreibung      | Tyrosine protein phosphatase which functions as a dosage-dependent inducer of mitotic progression. Directly dephosphorylates CDK1 and stimulates its kinase activity. Also dephosphorylates CDK2 in complex with cyclin E, in vitro.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                              |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                  |
