| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC-Fr, IHC-P                                                                                                                                                                                                                                          |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                  |
| Konjugation              | HRP                                                                                                                                                                                                                                                           |
| Produktbeschreibung      | Nuclear factor kappa B (NFkB) is a ubiquitous transcription factor and an essential mediator of gene expression during activation of immune and inflammatory responses. NFkB mediates the expression of a great variety of genes in response to extracellu... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">1147</a>                                                                                                                                                                                                                                          |

|                        |                                                                                                                                |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                        |
| Quelle                 | KLH conjugated synthetic phosphopeptide derived from human IKK alpha/IKK beta around the phosphorylation site of Ser180/Ser181 |
| Target-Kategorie       | Phospho-IKK alpha (Ser180) + IKK beta (Ser181)                                                                                 |
| Application Verdünnung | ELISA(1:500-1000), IHC-P(1:200-400), IHC-F(1:100-500)                                                                          |
