| Produktbeschreibung      | PSD 93 is believed to participate in the clustering of certain proteins, including N-methyl-D-aspartate (NMDA) receptors and shaker-type potassium channels at the synaptic membrane. There are two principal modes of interaction between PSD 93 and othe... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
