| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC-Fr, IHC-P, WB                                                                                                                                                                                                                                      |
| Konjugation              | Biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | This gene encodes a ubiquitous nuclear protein that stimulates both cell proliferation and differentiation. It is a member of the MADS (MCM1, Agamous, Deficiens, and SRF) box superfamily of transcription factors. This protein binds to the serum respo... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">6722</a>                                                                                                                                                                                                                                          |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                                                                       |
| Quelle                   | KLH conjugated synthetic phosphopeptide derived from human SRF around the phosphorylation site of Ser103                                                                                                                                                      |

|                        |                                                                       |
|------------------------|-----------------------------------------------------------------------|
| Target-Kategorie       | Phospho-SRF (Ser103)                                                  |
| Application Verdünnung | WB(1:300-5000), ELISA(1:500-1000), IHC-P(1:200-400), IHC-F(1:100-500) |
