| Kategorie                | Proteine/Peptide                                                                                                                    |
| Spezies Reaktivität      | Other                                                                                                                               |
| Konjugation              | Unconjugated                                                                                                                        |
| Tag                      | C-hFc & His                                                                                                                         |
| UniProt                  | <a href="#">Q8IVM8</a>                                                                                                              |
| Puffer                   | 150 mM PBS(pH 7.4)                                                                                                                  |
| Quelle                   | Recombinant human SLC22A9 Protein is expressed in HEK293 cell with C-hFc & C-His. It contains the amino acid sequence of 37-143/553 |
| Expression System        | HEK293                                                                                                                              |
| Reinheit                 | > 85% as determined by SDS-PAGE                                                                                                     |
