| Konjugation              | RBITC                                                                                                                                                                                                 |
| Produktbeschreibung      | Senses changes in the extracellular concentration of calcium ions. The activity of this receptor is mediated by a G-protein that activates a phosphatidylinositol-calcium second messenger system.... |
| Klonalität               | Polyclonal                                                                                                                                                                                            |
| Konzentration            | 1ug/ul                                                                                                                                                                                                |
