| Hersteller               | Bioss                                                                                                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, IF, WB                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | PerCP/Cy5.5                                                                                                                                                                                                                                                   |
| Produktbeschreibung      | Catalyzes the NAD-dependent dehydrogenation (oxidation) of a broad array of hydroxylated polyunsaturated fatty acids (mainly eicosanoids and docosanoids, including prostaglandins, lipoxins and resolvins), yielding their corresponding keto (oxo) metab... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                                   |
| Konzentration            | Lot dependent                                                                                                                                                                                                                                                 |
| NCBI                     | <a href="#">3248</a>                                                                                                                                                                                                                                          |
| UniProt                  | <a href="#">P15428</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                        |
|------------------------|--------------------------------------------------------------------------------------------------------|
| Puffer                 | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol. |
| Quelle                 | KLH conjugated synthetic peptide derived from human 15 PGDH                                            |
| Target-Kategorie       | HPGD                                                                                                   |
| Application Verdünnung | WB(1:300-5000), IF(), FCM(1ug/Test)                                                                    |
