| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, WB                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                  |
| Konjugation              | Cy5                                                                                                                                                                                                                                                           |
| Produktbeschreibung      | Receptor for interleukin-11 (IL11). The receptor systems for IL6, LIF, OSM, CNTF, IL11 and CT1 can utilize IL6ST for initiating signal transmission. The IL11/IL11RA/IL6ST complex may be involved in the control of proliferation and/or differentiation ... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                                   |
| Konzentration            | Lot dependent                                                                                                                                                                                                                                                 |
