| Konjugation              | PerCP/Cy5.5                                                                                                                                                                                                                                                   |
| Produktbeschreibung      | Ubiquitin-conjugating enzyme E2 that specifically acts with HECT-type and RBR family E3 ubiquitin-protein ligases. Does not function with most RING-containing E3 ubiquitin-protein ligases because it lacks intrinsic E3-independent reactivity with lysi... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                                   |
| Konzentration            | Lot dependent                                                                                                                                                                                                                                                 |
| NCBI                     | <a href="#">7332</a>                                                                                                                                                                                                                                          |
| UniProt                  | <a href="#">P68036</a>                                                                                                                                                                                                                                        |
