| Konjugation              | BF488                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Cadherins are calcium-dependent cell adhesion proteins. They preferentially interact with themselves in a homophilic manner in connecting cells, cadherins may thus contribute to the sorting of heterogeneous cell types. CDH1 is involved in mechanisms ... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                                   |
| Konzentration            | Lot dependent                                                                                                                                                                                                                                                 |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                                                                        |

|                        |                                                              |
|------------------------|--------------------------------------------------------------|
| Quelle                 | KLH conjugated synthetic peptide derived from human Cadherin |
| Target-Kategorie       | Cadherin                                                     |
| Application Verdünnung | WB(1:300-5000), IF()                                         |
