## Product Datasheet

### Anti-C-MYC Epitope Tag Antibody, Unconjugated, Gallus, Polyclonal AVL-ET-MY100

|                          |                                                                                                                               |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-C-MYC Epitope Tag Antibody, Unconjugated, Gallus, Polyclonal                                                             |
| Artikelnummer            | AVL-ET-MY100                                                                                                                  |
| Hersteller Artikelnummer | ET-MY100                                                                                                                      |
| Alternativnummer         | AVL-ET-MY100                                                                                                                  |
| Hersteller               | Aves Labs                                                                                                                     |
| Wirt                     | Gallus                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                    |
| Applikation              | ELISA, ICC, IHC, IP, WB                                                                                                       |
| Immunogen                | Synthetic peptide                                                                                                             |
| Konjugation              | Unconjugated                                                                                                                  |
| Produktbeschreibung      | This product is an unlabeled, affinity-purified chicken anti-C-MYC epitope antibody....                                       |
| Klonalität               | Polyclonal                                                                                                                    |
| Konzentration            | 100 µg/mL (based on absorbance at 280 nm)                                                                                     |
| Puffer                   | Phosphate-buffered (10 mM) isotonic (0.9%, w/v) saline ("PBS, pH 7.2) with sodium azide (0.02%, w/v) added as a preservative. |
| Formulierung             | Liquid                                                                                                                        |
| Target-Kategorie         | C-MYC Epitope Tag Antibody                                                                                                    |
| Antibody Type            | Primary Antibody                                                                                                              |

|                        |                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Dilution Range: WB: 1:500-1:1000. Dilution Range: IHC: 1:100-1:250.<br>Dilution Range: ICC: 1:100-1:250 |
