| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | DOT, ELISA                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Rat                                                                                                                                                                                                                                                           |
| Immunogen                | This phospho-Cyclin B3 antibody was produced from rabbits immunized with a KLH conjugated synthetic phosphopeptide corresponding to amino acid residues surrounding pS284 of rat CCNB3.                                                                       |
| Produktbeschreibung      | Cyclins are positive regulatory subunits of the cyclin-dependent kinases (CDKs), and thereby play an essential role in the control of the cell cycle, notably via their destruction during cell division. Its tissue specificity suggest that it may be re... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">F1LVT0</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Antigen affinity                                                                                                                                                                                                                                              |

|                        |                                                                                                                                  |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                       |
| Antibody Type          | Primary Antibody                                                                                                                 |
| Application Verdünnung | Dot blot: 1:500                                                                                                                  |
| Anwendungsbeschreibung | Titration of the phospho-Cyclin B3 antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
