| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Amino acids 21-147 of human TTR were used as the immunogen for the Transthyretin antibody.                                                                                                                                                                    |
| Produktbeschreibung      | Transthyretin (TTR) is also known as prealbumin. It is mapped to chromosome region 18q11.2-q12.1. This gene encodes a carrier protein responsible for the transport of thyroid hormones and retinol. The protein consists of a tetramer of identical subun... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P02766</a>                                                                                                                                                                                                                                        |
| Puffer                   | Lyophilized from 1X PBS with 2.5% BSA and 0.025% sodium azide                                                                                                                                                                                                 |
| Reinheit                 | Antigen affinity                                                                                                                                                                                                                                              |

|                        |                                                                                        |
|------------------------|----------------------------------------------------------------------------------------|
| Formulierung           | 0.5mg/ml if reconstituted with 0.2ml sterile DI water                                  |
| Antibody Type          | Primary Antibody                                                                       |
| Application Verdünnung | Western blot: 0.5-1ug/ml,Immunohistochemistry (FFPE): 1-2ug/ml                         |
| Anwendungsbeschreibung | Optimal dilution of the Transthyretin antibody should be determined by the researcher. |
