### KCNQ4 Antibody, Goat, Polyclonal NSJ-R33501-100UG

|                          |                                                                                                              |
|--------------------------|--------------------------------------------------------------------------------------------------------------|
| Artikelname              | KCNQ4 Antibody, Goat, Polyclonal                                                                             |
| Artikelnummer            | NSJ-R33501-100UG                                                                                             |
| Hersteller Artikelnummer | R33501-100UG                                                                                                 |
| Alternativnummer         | NSJ-R33501-100UG                                                                                             |
| Hersteller               | NSJ Bioreagents                                                                                              |
| Wirt                     | Goat                                                                                                         |
| Kategorie                | Antikörper                                                                                                   |
| Applikation              | ELISA, WB                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                        |
| Immunogen                | Amino acids DKGPSDAEVDDE were used as the immunogen for this KCNQ4 antibody.                                 |
| Produktbeschreibung      | Additional name(s) for this target protein: Potassium voltage-gated channel, KQT-like subfamily, member 4... |
| Klonalität               | Polyclonal                                                                                                   |
| Reinheit                 | Antigen affinity                                                                                             |
| Formulierung             | 0.5 mg/ml in 1X TBS, pH7.3, with 0.5% BSA (US sourced) and 0.02% sodium azide                                |
| Antibody Type            | Primary Antibody                                                                                             |
| Application Verdünnung   | Western blot: 1-3ug/ml,ELISA (peptide) LOD: 1:4000                                                           |

|                        |                                                                                |
|------------------------|--------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Optimal dilution of the KCNQ4 antibody should be determined by the researcher. |
