| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | Full-length human recombinant protein was used as the immunogen for the recombinant p63 antibody.                                                                                                                                                             |
| Produktbeschreibung      | p63 is a homolog of the tumor suppressor p53. It is identified in basal cells in the epithelial layers of a variety of tissues, including epidermis, cervix, urothelium, breast and prostate. p63 was detected in nuclei of the basal epithelium in normal... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [TP63/1423R]                                                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">Q9H3D4</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein A affinity chromatography                                                                                                                                                                                                                             |

|                        |                                                                                          |
|------------------------|------------------------------------------------------------------------------------------|
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced) and 0.05% sodium azide               |
| Antibody Type          | Primary Antibody                                                                         |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml for 30 min at RT                                   |
| Anwendungsbeschreibung | Optimal dilution of the recombinant p63 antibody should be determined by the researcher. |
